Notice.

Beginning the first of the year,
THE SENTINEL decided to charge a
half-rate to churches, schools, and all
societies, for all local notices
published, where there is a money
consideration made by the churches,
schools, societies, etc. All of the pa-
pers in the county have always
charged for this class of matter, and
in justice to ourselves and our
contemporaries, and on account of the
increased cost of all things entering
into the production of a newspaper,
we decided to adopt this course, and
it is still in force.

"MONEY"

CONTINENTAL MORTGAGE COMPANY
you can secure it at 6 per cent for any legal

One Hundred Per Child.

A man who was convicted of abus-
ing his family Monday was fined \$300,
in St. Louis, the basis of the amount
being \$100 for each child, according to
the report of the words of the Judge.
It is surprising that another hundred
was not added for the wife, who per-
haps may not be better able to earn
the money than the children. Words
could not better express the actual
facts when the head of a family is
fined and sent to jail because of in-
ability to pay, than for the judge to
say, "I fine you \$100 for each child,"
unless he should say its equivalent,
"I fine each child \$100, for you."

Our system of fining the breadwin-
ners of families and locking them up,
leaving the dependent ones to starve
or to the charity of neighbors or insti-
tutions, is both heartless and sense-
less. The punishment falls upon the
innocent instead of the guilty.
Doubtless thousands of abused wives
refrain from seeking protection from
the law because the law gives them
none, but makes their latter state
worse than the first.

The wife whose husband squanders
half his weekly wages in drink and
comes home to abuse the family dare
not ask for legal protection, because
the net result would be the husband
in jail and no wages at all. The head
of a family who is fined \$100 for each
child and sent to the Workhouse may
be punished because of his worry
about what the children will do in
his absence and how they will get the
money to release him, but is that the
kind of punishment we should give
him?

If a man who abuses his family
needs the discipline of a jail sentence
—and he needs discipline of some sort
—he should get it in such a way that
the real punishment would not fall
upon his wife and children. The best
method yet devised for this is to let
him work out his fine, the money be-
ing paid to his family. He might
then prefer to work for his family in
peace and freedom thereafter, and
during the disciplinary period the
family would not be left in poverty.
It is time the State of Missouri
came to its senses in the matter of
penalizing the families of criminals
and misdemeanants. We should not
go on forever perpetrating this sort
of outrage upon both of them and the
common welfare.

The surest, easiest way to luscious
fresh fruit flavored preserves is to
make your preserving syrup with
one-fourth Karo (Caramel) instead
of all sugar. This formula makes a
rich, heavy syrup, not too sweet, and
retains the natural fruit flavor. Jam
and jellies made with Karo (Caramel
Syrup) are sure to "jell," and keep
free from crystallization.
The Karo Preserving Syrup has been
used for years.

THESE ARE THE MEN WHO BROUGHT THE CHAUTAUQUA to Oregon

Study this list a minute. These men "went back" of the Chau-
tauka and made it possible for us to have these delightful eight days
of entertainment.

They didn't assume this responsibility with any thought of making
money for themselves out of it. Their whole thought was to bring a
Chautauqua here for the entertainment and profit of the whole com-
munity.

Note that these men are representative citizens. They are the
men that the community looks to in an enterprise of this kind. And

In this case, as in many others, the community is not disappointed.

They have stamped the Chautauqua with their approval and have
believed in it to the extent of guaranteeing that the required number
of season tickets will be sold.

All that remains for you to do is to Buy Season Tickets and show
these men that you appreciate what they have done.

You can get your tickets of any man on this list and he will be
glad to give you any information you may want about the Chautauqua.
Every member of your family should have a season ticket.

Here is the List:

CONAWAY'S BIGELOW BUDGET.

From the Last News-Jeffersonian.

—Fred Gresham lost one of his best
mares by lightning during the storm
last Thursday night.

—Miss Hale, a nurse from St. Jo-
seph, who has been attending Mrs.
C. S. McKee returned to her home,
Tuesday evening.

—Geo. V. Hinkle got his thorough-
bred sow back from Clarinda, Iowa,
just before the trains stopped running
on account of the high water. George
is always lucky.

—The old reliable SENTINEL cer-
tainly did themselves proud in their
excellent write-up of Fortescue and
we might add a mighty good advertise-
ment for the town and vicinity, too.
Tom and the Deacon believe in doing
things up-to-date.

—Tom Smith lost one of his best
horses last Saturday evening. It is not
known what was the matter with
him; on account of the high water it
was impossible to get a veterinary to
attend him. Tom is sure having lots
of bad luck this year having lost all
of his crops.

—James Morgan Wilson has a patent
on feeding his chickens. Since the
high water came his chickens are

staying in the trees around his house,
and when it comes to feeding time all
he has to do is throw up shelled corn
by the handful and not a grain falls
back. James says there is one old
rooster in particular that never misses
a grain of corn that comes his way.

—Jasper Odell was in town Tuesday
and says there is lots of water in his
neighborhood and thinks that very
little damage will be done in that
vicinity. The sloughs are full of wa-
ter and along these sloughs there will
be some damage, of course. The boys
are sure having lots of fun gigging fish,
and Jasper says he had a back load
the first of the week. The water be-
gan falling Tuesday.

—A force of carpenters arrived from
St. Joseph Monday and began work on
the new school house. Regardless of
the many heavy rains the walls are in
good shape. All partitions and joists
are set and with just a little bit of
good weather the roof will be put on
this week. The contractors have cer-
tainly been up against a stiff propo-
sition with the kind of weather we have
have had and they are to be commended
for sticking to the job.

Y. P. A. Notes.

There was no Y. P. A. meeting
last Sunday, owing to the jubilee
meeting held at Nickell's Grove
church, as most of our members at-
tended this meeting. We wish to
thank the Nickell's Grove brethren
for furnishing cars and other ways
for taking us to their church, and for
the courtesy and kindness rendered.
We wish to compliment you for your
neat church, and cordially invite all
of you to attend our Y. P. A. meet-
ing next Sunday. The topic will be
interesting and amusing as well.
This invitation extends to others
also.
R. FAY.

—Lukens & Keown can find that
money for you at a reasonable rate.
—We will positively guarantee our
fly spray to keep the flies from your
Horses and Cows, and do all we claim
for it, or it don't cost you one cent.
No red tape to this guarantee.
